From, the Supt. of Inam settlements
Letter no 77 Dy 25-3-1913

Submits Inam extract pertaining to Jallur village, Sirsi Taluk.

The Amildar's Report no 625 Dy 27th Decr 1909 and the Dy. Commr's. letter under disposal explain the facts of the case.

Survey no 205 of Jallur village which is reported to be a mixed wet and garden land measuring 12 a 8 g and assessed at Rs 42/- is an Inam endowed to Sri Gopalakrishna Devaru Temple at Agumbe, Sirsi Taluk. The Malapahari stream flows through the land, having the bagayat portion to the left of it, and lower down, the wet portion both to the left and right; and in the rainy season is subject to inundations.

The previous lessees had spoiled the Bagayat portion of the land. To take proper steps for its improvement etc. the garden is reported to have been leased out by Mr. P. Subba Rao, late Amildar of Sirsi Tq, to one Subbanna Bayee for a period of 20 years from 1907-08 on an annual rent

rent of Rs 20-13-9 with 8 Kandies of paddy.

Subbanna Bayer pet^n the local authorities stating that for the improvement of the garden land, it was necessary that the wet land adjacent to it should be in his possession. He prayed that the entire wet land might be leased out to him for 20 years on an annual rent of 40½ Kandagas of paddy. The Amildar in his order dy 15th Feby. 1909 granted to the pet^r the right of cultivating the wet portion for one year. The Dy. Comm^r reports that the present lessee Subbanna Bayer has invested large amount both for constructing a stone embankment to save the land from inundation and in ~~planting~~ planting up the garden area with Supari and plantain Trees, and recommends that the whole of Survey Number 205 may be granted to Subbanna Bayer for cultivation for a period of 20 years.

Out of 17 Khandaga Bijavari of wet land, 3½ Kandagas are lying in Banjar, and out of the remain

The Archak is unwilling to part with the land and contends that he is a kadim tenant deriving his title from his forefathers and that he has been in enjoyment of the proceeds as remuneration for the Archak service, but has ~~failed~~ not produced any documentary evidence. The Dy. Commr. states that provision has been made to the Archak in the scale sanctioned in Govt. order No. 485-93 Dy 17th August 1910. A printed copy of this order is put up. This order does not seem to have any bearing on the Temple in question. Mysg. D. No. 31 of 1910 containing G.O. No. 523-4 Dy 17th August 1910 sanctioning a scale of expr. for this Temple is put up.

What is a Candy of paddy worth. I find from the order of 17 aug 1910 that the price of a Candy is taken as Rs 1-8a. Is that correct. Is there anything in the record to show the period the Archak was in possession of the land. Why should not the land be restd in possession of the Archak, Subbanna Bagar being put in possession of the remaining 11½ Candies of land for a proportionately reduced rent. If as is admitted the Archak was in possession of the land all along, even after the fixing of the Devadik it will not be right to dispossess him of it merely on the score that a fixed salary has also been provided for him. A candy in ~~Kadaaad~~ the Tirthahalli Tq. is equal to 50 seers (vide Grant Karar executed by Subbanna Bayen). The Amildar says that the price per candy (in the year 1909) ~~was~~ was 2 Rs. The calculation at Re 1-8-0 per candy in the year 1910 making allowance for the rise and fall in the price of paddy may be correct.

There is nothing in the records to show the period the Anchak was in possession of the land. He contends that the land has been in the possession and enjoyment of his family since the times of his grand-father and great-grand-father, but admits that he has no documents in support of his contention [In the Inam register pertaining to Dallur village, the entire land is noted as Devadaya intended for the worship of Sri Gopalakrishna Devaru at Agumbe.]

The entire Survey No consisting of Bagayet and wet land is reported to be situated on the bank of the Malapaharı stream. The Bagayet portion is said to have ~~has~~ been leased out to Subbanna Bayen for a period of 20 years. He has laid out money for the improvement of the garden land and has agreed to Construct a stone embankment (95 yds in length) with a view to prevent it from the damage caused by the stream. The wet portion seems to be situated in Centre of the Bagayet portion. Subbanna Bayen says that if the stone embankment is confined only to the Bagayet portion, the water from the stream rushes into the wet land damaging thereby 2 kandags of wet land in his possession as well as the Bagayet land close by. The Amildar says that Subbanna Bayen (he) has agreed to construct stone embankment (65 yds long) on the wet land also. The Archak has ~~also~~ agreed to Construct

It is respectfully submitted that it does not seem that the Archak will be dispossessed of his portion of the wet land by leasing out the entire wet land to Subbanna Bayer - The other holders of other portions of the wet land continue as Sub-tenants of Subbanna Bayer. To

K. R. Srinivasa Iyengar, Esquire, M.A.,

Offg. Secretary to the Government of

Bangalore.

Sir,

In forwarding herewith the file of vernacular papers ending with the Thirthahally Taluk Amildar's report No. 1290 dated 12-4-1912, regarding the leasing out of Survey No. 205 of Tallur village, Agumbhe Hobli, Thirthahally Taluk, endowed to Sri Gopla Krishna Devaru temple at Agumbe, I have the honour to state that the Survey No. is a mixed wet and gardeh land measuring 12 acres and 29 guntas in the aggregate, bearing an assessment of Rs. 42-0-0 as detailed in the margin.

	Extent.	Assessment.
Wet.	11 acres. 14G.	Rs. 28-4-0
do.	1 " 15"	" 13-12-0
garden		
	12 acres 29 G.	Rs. 42-0-0.

2. The garden portion of this Survey No. was in a neglected condition, and the land was subject to inundations from the Malapahari stream in the rainy season every year. To prevent the gradual conversion of the land practically into a bed of the stream and to take proper steps for its improvement, Mr. P. Subba Rao, late Amildar of Thirthahally Taluk, leased out in 1907-1908 the garden portion of it to one Subbanna Nayer, an influential resident of the place in the year 1907 for a period of 20 years on an annual rent of Rs. 20-13-9 with 8 khandies of paddy.

3 On 31-12-1908 Subbanna Bayar petitioned the Taluk Amildar stating that for the improvement of the garden land it was necessary that the wet land adjacent to it and comprised within the same Survey No. should also be in his possession, and that the entire Survey No. might therefore be granted to him for 20 years. He also agreed to pay regularly a rent of 40½ Khandies of paddy in lieu of the annual rent of 16 khandies of paddy plus Rs. 22-3-2 derived by the temple till then. Ramanna Heggade, the vahivatdar of the temple, considered the offer of Subbanna Bayar as advantageous to the temple and recommended it to the Amildar in his report No. 56 dated 7-2-1909.

4. The Taluk Amildar in his order No. 1642, dated 15-2-1909, granted to the petitioner the right of cultivating the wet portion of the Survey No. for one year and a mutchalika was executed by him on 14-3-1909 for payment of the rent accordingly.

5. Of the previous cultivators of the wet land Subbannabhatta, the archek of the temple, complained in his petitions addressed to this office and to the Taluk Amildar of his being dispossessed of 5½ khandies of wet land out of this Survey No. which was in his enjoyment. The rest agreed to cultivate their portions as ~~statements~~ sub-tenants of the new lessee. The contention of Subbanna Bhatta is that he is a Kadim tenant deriving his title from his forefathers and that he has been in enjoyment of the proceeds thereof as a renumaration for the archek Service performed by him. But he has not been able to produce any documentary evidence to prove that he is a Kadim tenant of the land. Provision has been made in the scale sanctioned in Government Proceedings No. 485-93/ Muz 731-09-1 dated 17-8-1910, to pay the archek in cash for his service every month.

The present lessee Subbanna Bayar has invested a large amount both for constructing a stone embankment to save the land from the inundation of the stream and in planting up the garden area with Supari and plantain trees.

7. Under the foregoing circumstances and agreeing with the views of the Taluk Amildar, I would request that sanction may be accorded to grant the whole of Survey No. 205 to Subbanna Bayar for cultivation for a period of 20 years.

I have the honour to be,

Sir,

Your most obedient servant.
